

# Hendry Regional Medical Center

Special Election - March 9, 2010

Hendry Regional Medical Center has been planning the construction of a new Emergency Department in Clewiston and expanded services in LaBelle. However, due to an amendment in the Florida Constitution, we must have your vote of approval to move forward.

The hospital is seeking approval from you, a citizen of Hendry County, to pledge or allocate up to one mill of the existing ad valorem taxes (out of the current 2.9 mills set) to guarantee bonds for these capital projects, **without raising taxes**.

A special hospital election has been scheduled for **Tuesday, March 9th**. (All Hendry County precincts will be open from 7 a.m. to 7 p.m.) It's all about allowing Hendry Regional Medical Center to develop STATE-OF-THE-ART HEALTHCARE, CLOSE TO HOME:

- 1). Expanded Services in LaBelle
- 2). A New Emergency Department in Clewiston
